

## Technological projecting

№	Object of projecting	Customer	Project work up period
1	Workshop for producing of copper wire with diameter of 8 mm for electrical engineering industry	Cable factory, Shenian, China	1951
2	Workshop for producing of copper wire for nets used in paper producing equipment	Tczymusy, China	1952
3	Factory for producing of sheets, tubes and profile of aluminum and its alloys as part of casting and rolling plant production	Kharbin, China	1950-1957
4	Factory for producing of strips and round of brass for cylinder sleeves	Sian, China	1951
5	Factory for copper and copper alloys processing. Casting production, tube and rod rolling workshops. Factory capacity - 95 000 tpy	Loyan, China	1952-1959
6	Factory for production of copper and aluminum cable. Factory capacity - 70000 tpy	Cable product plant, Sofiya, Bulgaria	1950-1953
7	Plant for production of sheets, band, tube rod and profile of copper, zinc and their alloys. Plant capacity – 70 000 tpy	Ganev metallurgical plant, Sofiya, Bulgaria	1964-1965
8	Rolling workshop for production aluminum sheet, band and strips as a part of industrial complex for processing of aluminum. Workshop capacity – 70 000 tpy	Slatina, Rumania	1950
9	Plant for production of foil, strips and band of aluminum and its alloys	Kente, Poland	1959-1961
10	Workshop of continuous casting and rolling of billet for wire of copper	Legnitca, Poland	1962-1965
11	Workshop for production thick strips and round of brass for cylinder sleeves	Egypt	1960
12	Workshop for production of aluminum foil	Egypt	1958-1960
13	Workshop for production of packing aluminum foil as a part of industrial complex for aluminum processing	Seidikhesher, Turkish	1968
14	Factory for production of aluminum foil. Factory capacity - 47 000 tpy	Joint venture “Sayanal” of companies «Reynolds Metals» (USA) and «VEIL» (Italy), Sayanogorsk, Russia	1975-1994
15	General project of all plant objects	Non-ferrous metals processing plant, Kirov, Russia	1945-1994
16	Complex for production of flat and round rolled stock from roll alloys	Non-ferrous metals processing plant, Artemovsk, Ukraine	1960-1985
17	Sheet-band rolling workshop Casting workshop	Non-ferrous metals processing plant, Orsk, Russia	1960-1964 1955-1960

18	Technological projecting of the plant	Non-ferrous metals processing plant, Baku, Azerbaijane	1981-1983
19	Complex for production of band rolled stock of copper-nickel alloys including electrical malting workshop and workshop of radiator band	Non-ferrous metals processing plant, Gai, Russia	1988-1991
20	Rolling workshop of compound alloys Casting workshop	Non-ferrous metals processing plant, Balkhash, Kazakhstan	1960-1964 1958-1960
21	Rolling workshop of large dimensions sheets of copper and bronzes	«Krasny Veborjetc» Plant, Saint-Petersburg, Russia	1965-1969
	Rolling workshop of heat resistant alloys		1960-1964
	Casting workshop of gross alloys Reconstruction of tube pressing workshop		1955-1960 1970-1975
22	Workshops for production of wire and bars of gross alloys	Non-ferrous metals processing plant, Tuim, Russia	1945-1992
23	Foil rolling production, 3 workshops: №2 (foil width 500mm) №3 (foil width 1000mm) №5 (foil width 1500mm)	Non-ferrous metals processing plant, Mikhailovskoe, Russia	1946-1950
			1955-1960
			1975-1977
24	Rolling workshop №6 Tube workshop №3	Non-ferrous metals plant, Kolchugino, Russia	1945-1949
	Electrical casting workshop		1955-1958
	Workshop for production of catering of cupro-nickel and German silver		1972-1977
	Rolling workshop of compound alloys		1970-1974
25	Tube workshop №2	Non-ferrous metals processing plant, Revda, Russia	1975-1981
	Newtube workshop №3		1945-1950
	Tubepressing workshop №8		1965-1970
	Electrical casting workshop №1		1975-1978 1968-1972
26	Production of catering of German silver	Mechanical plant, Olenegorsk, Russia	1971-1975
27	Technological projecting of factory	Non-ferrous metals processing plant, Mikhailovskoe, Russia	1970-1978
28	Foil rolling workshop Zinc rolling workshop	Non-ferrous metals processing plant, Moscow, Russia	1950-1955
	Workshop section of polygraphic zinc		1965-1967
	Reconstruction of compound alloys rolling workshop Foundry workshop		1972-1976 1948-1950
29	Foil rolling complex including foundry workshop	Kanakerskyi aluminum plant, Erevan, Armeniya	1961-1965
30	Workshop of copper round stock with foundry workshop section	Non-ferrous metals processing plant, Kamensk-Uralskyi, Russia	1972-1992
	Workshop section of compound alloys wire		1965-1968
31	Workshops for sorting, dividing and smelting of bronze and aluminum scrap	«Vtortsvetmet» plant, Mtcensk, Russia	1976-1981
32	General projecting of all plant objects	«Vtortsvetmet», Podolsk, Russia	1954-1962
33	General projecting of all plant objects	«Vtortsvetmet», Verkhni Neivinsk, Russia	1986-1994
34	Non-ferrous metals processing workshop	«Neferal», Rumania	1992-1994
35	Workshop section for production ingots of oxygenless copper	Non-ferrous metals processing plant, Nampho, North Korea	1990
36	Workshop section for production of wire – technological projecting	«TEMP» company, Moscow, Russia	1968-1970
37	Production of half-finished products of secondary precious metal	«Vtordragmet», Shchelkovo, Russia	2010
38	Lead rolling workshop	Lead combinat, Chikment, Kazakhstan	1966-1989
39	Workshop for production of copper foil	Plant of medical electrolyte foil, Pishma, Russia	1978-1984
			1975

40	<b>Workshop for special zirconium tubes rolling</b>	Mechanical plant, Glazov, Russia	1967-1988
41	<b>Technological projecting of factory</b>	Non-ferrous metals processing plant, Baku, Azerbaijan	1964-1969
42	<b>General project of all plant objects</b>	«Vtortsvetmet», Bukharest, Rumania	1962-1965
43	<b>Production of half-finished products (rolled stock) of precious metals</b>	Special alloys plant, Moscow, Russia	1962
44	<b>Plant for production of finished products of titanium and zirconium sponge as a part of chemical metallurgical complex (feasibility study)</b>	South African Republic	2010
45	<b>Plant technological projecting</b>	Non-ferrous metals processing plant, Abakan, Russia	1970-1978
46	<b>Plant technological projecting</b>	«Vtortsvetmet», Sukhoi Log, Russia	1954-1960
47	<b>Casting workshop with units of ingotless rolling</b>	Foil rolling plant, Saint-Petersburg, Russia	1955-1958
	<b>Foil rolling workshop</b>		1955-1958
	<b>Workshop for rolling of multi-layer metals</b>		1960
48	<b>Complex for production of crockery of brass and German silver</b>	Kirivobadsky plant, Azerbaijan	1968-1981
	<b>Workshop of brass and copper steel tubes</b>		
49	<b>Workshop of copper electrolytic foil</b>	Copper melting plant, Kishtim, Russia	1972
50	<b>General project of all plant objects</b>	Aluminum alloys plant, Moscow, Russia	1970

119017 Russia, Moscow, Pyzhyovskiy lain. Bld. 5 tel.: +7(495) 951-50-55 fax: +7(495) 953-35-77 e-mail: post@cmet.ru
